PROFESSIONAL SUMMARY

Dedicated, board-certified Family Medicine Physician with over 9 years of clinical experience specializing in comprehensive primary care, advanced musculoskeletal medicine, and chronic pain management. Proven expertise in diagnosing and managing complex neurological and orthopedic conditions within a general practice setting, with a particular focus on refractory migraines, adhesive capsulitis (frozen shoulder), and multi-joint osteoarthritis. Adept at utilizing multimodal treatment strategies, including localized trigger point and joint injections, lifestyle interventions, and targeted pharmacotherapy, to restore patient mobility and improve quality of life.

CORE CLINICAL COMPETENCIES

- **Chronic Pain Management:** Migraine prophylaxis and acute management, tension headaches, occipital nerve blocks, myofascial pain syndrome.
- **Musculoskeletal Medicine:** Frozen shoulder (adhesive capsulitis) staging and non-operative management, intra-articular corticosteroid injections, therapeutic home exercise prescription.
- **General Medicine:** Hypertension, Type 2 Diabetes management, hyperlipidemia, preventive health screenings, acute respiratory infections, routine adult vaccinations.
- **Procedures:** Ultrasound-guided glenohumeral joint injections, subacromial bursa injections, trigger point injections (TPI), soft tissue aspiration.

CLINICAL EXPERIENCE**Senior Attending Physician | Department of Family & Community Medicine**

Metro Health Integrative Clinic – Metro City, MC

October 2021 – Present

- Provide full-scope primary care services to a diverse panel of approximately 1,800 adult patients, managing a mix of acute illnesses and chronic comorbidities.
- Serve as the clinic's designated lead for the Musculoskeletal & Chronic Headache Pathway, receiving internal referrals for complex joint and headache cases.
- Manage an average of 15–20 patients per week presenting with adhesive capsulitis; design individualized physical therapy coordination plans and perform landmark-guided and ultrasound-guided glenohumeral corticosteroid injections to accelerate recovery phases.
- Direct the clinical management of over 250 patients with chronic migraine disorders, utilizing contemporary pharmacological interventions including CGRP inhibitors, traditional prophylactics (topiramate, beta-blockers), and abortive therapies (triptans).
- Coordinate interdisciplinary care with physical therapists, neurologists, and orthopedic surgeons for patients requiring advanced tertiary intervention.

Staff Physician | Outpatient General Medicine Division

Valley View Community Health Center – Riverdale, MC

July 2017 – September 2021

- Delivered comprehensive preventive and acute medical care in an underserved federally qualified health center (FQHC).

- Diagnosed and managed foundational medical conditions including metabolic syndrome, chronic obstructive pulmonary disease (COPD), asthma, and gastrointestinal disorders.
- Established a specialized weekly "Joint and Soft Tissue Clinic" to address localized pain complaints, successfully treating over 400 cases of subacromial impingement, frozen shoulder, and plantar fasciitis via conservative therapies and localized steroid injections.
- Implemented a standardized screening and diagnostic protocol for headache disorders, reducing diagnostic delay for atypical migraine sufferers by 34% within the clinic network.
- Supervised three family medicine residents during their outpatient community medicine rotations.

EDUCATION & POSTGRADUATE TRAINING

Residency in Family Medicine

Metro University Medical Center, Metro City, MC

July 2014 – June 2017

- Chief Resident (2016–2017)
- Concentration in Outpatient Sports Medicine and Pain Therapeutics

Doctor of Medicine (MD)

Beacon University School of Medicine, Boston, MA

September 2010 – May 2014

- Graduated with Honors in Clinical Clerkships

Bachelor of Science in Biology (Pre-Med)

State Academic College, Austin, TX

September 2006 – May 2010

- Magna Cum Laude

CERTIFICATIONS & LICENSURE

- Board Certified, American Board of Family Medicine (ABFM) | 2017 – Present
- State Medical Board License (#MC-884921-MD) | Active, Exp: 12/2027
- Advanced Certification in Musculoskeletal Ultrasound | *American Society of Diagnostics*, 2019
- Chronic Headache and Migraine Management Masterclass | *Neurological Society Education Consortium*, 2020
- Advanced Cardiovascular Life Support (ACLS) & BLS Certified | *American Heart Association*, Exp: 2028
